INITIATIVE BIRTHDATE

people come and go constantly, but the
name started circulating around 2010

STRENGTHS
Which are your superpowers?

- cultivating proximity in our
network and with the people
around us
- planning after landing
- we deal with complexity
through constructive
solutions

COLLABORATIONS
Principal allies you work with
anybody

IN 2030...
What is your 20-30 agenda?

we don't plan that far, but we dream of basic
income and a car-free city

We share a set of values – or rather we
constantly negotiate them, concerning the
way we want to work, but we don't have a
common strategy. Projects are developed
locally and the goals are specific to each
project (or series of projects).

of your initiativee

DIFICULTIES
Something that is hard to do, understand
or surmount, something you dislike.

IDENTIFICATION OBJECT
If you were an object, what would be?
a roof

our main (internal) difficulty is to creating a
transparent, inclusive and democratic
environment in which the productivity and the
interests of the collective as well as of the
individuals are equally granted

CONTACT
Mail, web & social media

constructlab is the description of a collaborative spatial and
artistic practice, working on ephemeral and permanent
place-making. The collaborators to projects share an
approach to, rather than a method of making and come
from various disciplines and backgrounds.
